TUCK'S POST CARD

CARTE POSTALE.

Fingal's Cave is the great attraction of the island of Staffa. It is the most wonderful piece of scenery of its kind in the United Kingdom. Sharp cut columns of dark basalt with six or more sides, clustered so closely together as to make a continuous colonnade, support a rough roof from which hang numerous beautiful stalactites. Its height is about 60 feet and its length about 200 feet.
